Those damned pink plush handcuffs dangled off the forefinger of the security guy, right in front of James' face.

"Sir?"

"I ... I can explain that", James croaked, staring straight ahead. "It's not how it looks like ..."

"Ah?"

"Yes. Those ... items aren't mine. Plush handcuffs! Perverted."

"Really?"

"Really. It's just ... My teddy bear got lost".

"Your teddy bear got lost?"

"Yeah. I can't fly without my teddy or some plush if I don't wanna die because of flight phobia ... I HAD to take our perverted bass player's handcuffs because they are plushy ... Just to survive".
